PRODUCTS NEEDED:

ASP 2-in-1 Dehydrator & Cleansing Wipe, ASP Quick Dip Step 1: Nail Primer, ASP Quick Dip Step 2: Nail Base & Top Gel, ASP Quick Dip Step 3: Gel Activator, ASP Quick Dip Powder Crystal Clear, ASP Quick Dip Powder Tropical Wave, ASP Quick Dip Powder Glacier Blue, ASP Quick Dip Powder Free Spirit, Soft Brush, Soft Fluffy Brush, ASP Six-A-Peel Nail File 100/180 & ASP Fine Grit Yellow Finishing Block.

1 Clean each nail with ASP 2-n-1 Dehydrator.

2 Apply Step 1: ASP Nail Primer.

3 Apply Step 2: ASP Nail Base & Top Gel.

4 Immediately pour ASP Crystal Clear Quick Dip over the nail & Tap off excess powder.

5 Add ASP Glacier Blue Quick Dip into the dipping tray. Mix in ASP Free Spirit Quick Dip to create a lighter shade for the ombré.

6 Apply Step 2: ASP Nail Base & Top Gel.

7 Use a soft brush to tap Glacier Blue towards the cuticle. Tap off excess powder.

8 Tap a thin coat towards the middle where the two shades will blend.

9 Tap the custom shade at the center and free edge.

10 Once set, dust the excess powder away with a soft fluffy brush.

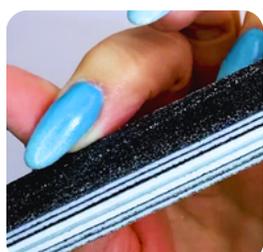

11 Apply another layer of Step 2: ASP Nail Base & Top Gel. Repeat steps until desired ombré is achieved.

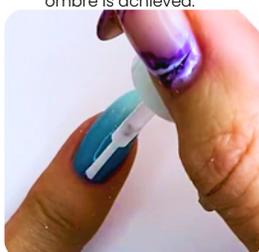

12 Apply Step 3: Quick Dip Activator on all 10 nails.

13 Apply layer of Step 2: ASP Nail Base & Top Gel over all nails and allow to cure, or harden.

14 Shape nails with a 150 or 180 grit file & Buff the surface of the nail with a 100 to 180 grit buffer.

15 Apply Step 3: Quick Dip Activator on all 10 nails and allow the product to soak in.

16 Finish nails with Step 2: ASP Nail Base & Top Gel or a traditional top coat.
