PRODUCTS YOU WILL NEED

ASP Ultra Birchwood Manicure Sticks, ASP 2 in 1 Dehydrator & Cleansing Wipe, ASP Zebra 180-grit Nail File, ASP Soft White/Polar Block Four Sided Buffer, **ASP Reusable Dual Nail Forms Kit,** Your favorite color of **ASP Versatility Gel or ASP Building Gel**, ASP Bonder, ASP LUMINA Rechargeable Lamp, ASP No Wipe Top Coat, ASP Milk & Honey Hand & Body Dry Oil.

Product Spotlight

ASP Reusable Dual Nail Forms Kit is your go-to system for fast, precise nail extensions with customizable shapes and a perfect finish.

NAIL PREP

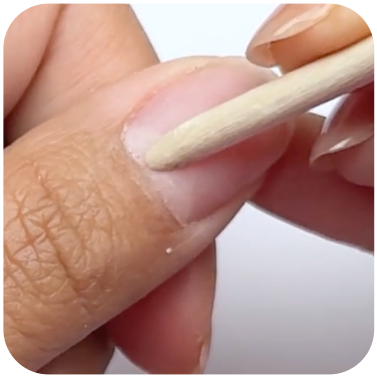

1 Shape natural nails as desired.

2 Lightly buff the nail surface with a 180-grit file or 150-grit buffer to remove shine.

ASP REUSABLE DUAL NAIL FORMS KIT

3 Gently push back cuticles using a cuticle pusher or birchwood stick.

4 Cleanse nails using ASP 2-in-1 Dehydrator & Cleansing Wipe & apply ASP Bonder to the nail.

PRO TIP

When working on yourself, complete one hand fully before starting the other.

REUSABLE NAIL FORM APPLICATION

1 Select correct Reusable Dual Nail Form size. Ensure sidewalls fit from edge to edge.

PRO TIP

Slightly larger is better than too small.

2 Squeeze a large bead of Sure Thing Versatility Gel into the well of the ASP Reusable Dual Nail form.

3 Apply a thin layer of ASP Soak-Off Gel Polish Base Coat and cure for 30seconds.

4 Place form at a 45-degree angle at the cuticle and press gently to spread gel evenly. Remove excess if needed.

PRO TIP

Be patient & go slow as you press the tip down so the gel distributes evenly to create a strong structure. If some product seeps from around the form Remove excess gel with a Birchwood stick or smooth edges with a gel brush.

ASP REUSABLE DUAL NAIL FORMS KIT

5 Flash cure for 10 seconds while holding form. Repeat on remaining nails, then cure full hand for 60 seconds.

6 Remove Reusable Dual Nail Form by gently squeezing and twisting.

7 Refine and smooth as needed.

8 Finish with ASP No Wipe Top Coat or any ASP Soak-Off Gel Polish color.

9 Finish the look with ASP Milk & Honey Dry Oil-Apply at the cuticle and massage into surrounding skin.

FINAL LOOK

Create your own perfect set of Professional-Looking nails with **ASP Reusable Dual Nail Forms & Versatility Gel!**

ASP REUSABLE DUAL NAIL FORMS KIT

ALTERNATIVE APPLICATION METHOD USING ASP BUILDER GEL

1. Complete nail preparation.
2. Select correct Reuseable Dual Nail Form size. Ensure sidewalls fit edge to edge.
3. Apply a thin layer of ASP Soak-Off Gel Polish Base Coat and cure for 30seconds.

PRO TIP
Slightly larger is better than too small.

4. Apply a thin layer of ASP Builder Gel to the natural nail, avoiding skin. Flash cure for 10 seconds.
5. Apply Builder Gel inside the Reusable Dual Nail Form, creating desired length & structure. Add extra at cuticle & apex for longer length.
6. Place form at a 45-degree angle at cuticle & gently press down to remove air bubbles. If needed, clean off excess product with a birchwood stick.
7. Flash cure for 10 seconds while holding form. Repeat on all nails, then cure full hand for 60 seconds.
8. Remove the Reuseable Dual Nail Form by gently squeezing sides & twisting.
9. Refine shape and smooth with buffer if needed.
10. Finish with ASP No Wipe Top Coat or any ASP Soak-Off Gel Polish color.

REMOVAL OF BUILDER OR VERSATILITY GEL

1. File off gel top coat with a 180-grit file.
2. Apply cuticle oil to protect skin, such as ASP Milk & Honey Dry Oil.
3. Wrap nails with acetone.
4. Soak 15–20 minutes.

PRO TIP
Wrap hands in a warm towel to speed removal.

5. Remove wraps & gently push off softened product with a birchwood stick.
6. File remaining product if needed & buff to smooth nail surface.
7. Clean & hydrate nails with Milk & Honey Cuticle & Body Oil.
8. Finish with ASP Nail Treatment or Top Coat.
